

March 20, 2020

Good Afternoon – The COVID-19 situation is a constantly changing landscape. We appreciate your patience and your prayers as we continue to make updates based on guidance we are receiving from IDPH, DHS and the governor.

Given the recent shelter-in-place ordinance through April 7th, we are asking that you do not take your loved ones on home visits. We understand that in combination with our Visitor Restrictions, this is very difficult for both you and your loved one. We will make every effort to assist with phone calls, Skype or other means of electronic communication that works for you. In the mean-time, our staff are committed to caring for a broad spectrum of your loved ones needs as best we can. We are thankful that everyone in our care seems to be doing well overall at this time.

If your loved one is currently at home with you, we ask that they stay with you for the duration of the shelter-in-place if possible. Please contact your loved one's nurse or the RN on call at 309-224-9765 to screen before returning.

We trust in God to continue to provide!

Thank you,
Crystal Streitmatter
