

April 24, 2020

Timber Ridge Resident Families and Guardians,

We are coming to the end of our fifth week of life under Illinois' Stay at Home order. As of yesterday we learned along with the rest of the state that we have at least another five weeks to go, and we expect that our facilities will likely be under restrictions longer than the general public as well. We are pleased to report that our staff and residents remain healthy and there continue to be no cases of COVID-19 in any ACLP facility, resident, or staff. We are all ready for some return to normal, but overall staff and residents continue to do well and are coping with these unusual circumstances as best as could be expected. Thank you for your continued prayers and support through this time.

Some of you may be wondering whether the residents will receive stimulus money from the CARES Act. The answer is "yes". We expect it to be deposited into the same account as the SSI/SSDI money flows into, and from there it will be transferred to the resident for their use. Our Accounting Department is awaiting paper notifications from the IRS to properly identify recent lump sum payments into that account before we are able to properly distribute. We will notify you once that distribution takes place. Medicaid issued written guidance that these payments are not counted as income, and they are not counted as a resource for 12 months following receipt when determining Medicaid eligibility. This means the resident will have 12 months to spend it before it would count against their \$2000 limit. Please call with any questions.

Finally, we invite you all to join us virtually tomorrow, Saturday, April 25th at 5:00 PM for our online version of our annual LifePoints Gospel Sing. There are recorded singing performances as well as a testimony from one of Timber Ridge's residents. The video will be able to be viewed on our website <https://www.aclifepoints.org/GospelSing.asp> any time after 5 PM tomorrow.

Thanks,

*Darrell Stoller*
